

Renewal Chart

Renewal notices are mailed to the last known address on file as a courtesy at the beginning of the scheduled renewal month. If you do not receive a courtesy notice, it is your responsibility to renew your tag before the expiration date. If there is not a price on a renewal card you must call the office for a total. Any changes to a renewal must come into the tag office. There is no grace period; your tag must be renewed by the end of your renewal month to avoid penalty and interest. There are several types of tags that require documentation each year that we must have before we can renew the tag, such as National Guard, Firefighter, Rescue Squad, Fraternal Order of Police, Realtors, etc.

Renewal Month
